Subject: RE: OGWDW EPM Funds for Cadmus Dewey Burdock Support

Sure, I'd be glad to join in for the funding portion.

Bruce

Subject: OGWDW EPM Funds for Cadmus Dewey Burdock Support

Hi Everyone: by way of an update, OGWDW (Bill Bates) confirmed today that they now have additional EPM dollars to fund the Cadmus contract for more hours to support our Dewey Burdock permit work. I believe the amount they initially promised us was just over \$90,000 and they are still willing to fund us up to this amount. However, their total EPM allocation for this contract was cut in half from \$200,000 to \$100,000 which leaves only a small amount of funds for other Regions who have requested support to address their backlogged permits.

As of today, Bill and I agreed that OGWDW will initially add \$50,000 to the contract to allow us to continue drawing Cadmus hours for, the foreseeable future.

Sarah and Valois: I told Bill that I would let him know next week if the remaining \$40,000 is equally critical for contractual support. Let's plan to briefly discuss this on Tuesday at our next DB Team meeting. Bruce, you are welcome to join us via Skype (just let me know).

Thanks everyone for your support in helping us explore other short term funding options within Region 8!

Douglas
